

Policy & Advocacy Associate

The National Immigration Forum (the Forum) advocates for the value of immigrants and immigration to the nation.

Founded in 1982, the Forum plays a leading role in the national debate about immigration, knitting together innovative alliances across diverse faith, labor, law enforcement, veterans and business constituencies in communities across the country. Coming together under the Forum's leadership, these alliances develop and execute legislative and administrative policy positions and advocacy strategies.

Leveraging our policy, advocacy and communications expertise, the Forum works for broad immigration reform, sound border security policies, balanced enforcement of immigration laws, and ensuring that new Americans have the opportunities, skills, and status to reach their full potential.
