Vice President of Corporate Engagement

The National Immigration Forum (the Forum) advocates for the value of immigrants and immigration to the nation.

Founded in 1982, the Forum is a non-partisan advocacy organization, building trusted relationships to create a shared vision for immigration in America. Our innovative approach leads the conversation on the value of immigration for a stronger, richer and more vibrant America.

Leveraging our policy, advocacy and communications expertise, the Forum works across diverse constituencies in communities throughout the country for comprehensive immigration and sound border security policies, balanced enforcement of immigration laws and ensuring that new Americans have the opportunities, skills, and status to reach their full potential.

America’s economic growth and prosperity is inextricably linked to new Americans’ ability to acquire skills and opportunities to thrive. The Forum seeks to advance the needs of the immigrant workforce by engaging corporations on federal policy and offering integration services at the worksite. The Forum partners with corporations to help them speak to the value of immigrants and immigration so the goals and aspirations of the American worker and their family are served.
